Lake Worth Rd.

- Eliminate the low shrubs because it is not being maintained.

Haverhill Rd between Lake Worth Rd & Melaleuca Lane

Mr. Tom Lanahan to fill us in on my request for street lights.

Haverhill Rd & Melaleuca Lane Walls

Lake Worth Rd Businesses. How do we fix this?

SUB-STATION POLICE

- I would like to see a substation in District One, specifically in the Original Section. The benefits to having a police station are...
 - A. Police presence
 - B. Reassurance to nearby residents
 - C. Deputies are encouraged to write their reports and conduct other police business from the substation.
 - D. Visibility
 - E. Location for the COP Program.

Can we move the Historical Society to the Community Center where items will be more visible to visitors on a daily basis? The Historical Society can be the new home of the Greenacres PBSO Police Station

OR

Locate the police sub station at the community center.

Annoying Advertising Signs

These signs make our city appear less attractive.

Code Enforcement Needs for District 1

District one is desperate need of 2 people designated to the area on a full time basis, meaning two people out in the field and issuing citations an making positive communication with residents while sending the message that its time to clean up.

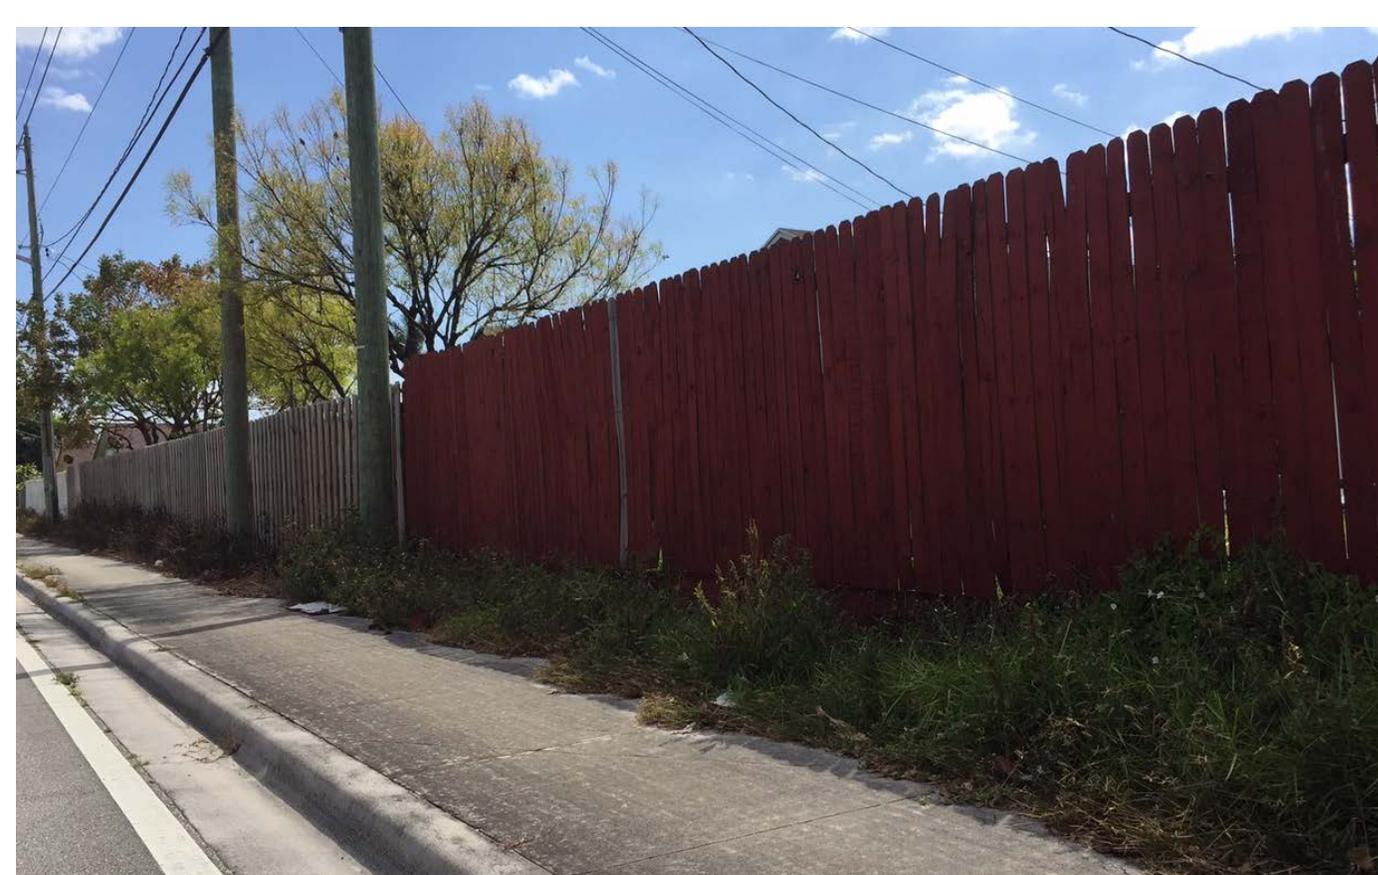

EXAMPLE OF FUTURE CODE ENFORCEMENT TRUCK

Haverhill Rd North of Lake Worth Rd...Why ?

Empire Way and Lake Worth Rd.

This has been sitting here for weeks. Corner of Swain, next door to Ed's Market .

CAN WE MOVE THESE ?
