DATE: May 2, 2016
COPIES: James D. Stokes, City Attorney

BACKGROUND:

The State Department of Health provides grant funds to counties to improve and expand pre-hospital Emergency Medical Services (EMS) in their county and encourages each county to assess countywide needs. Palm Beach County, through the EMS Advisory Council, has established a process for providing licensed emergency medical providers with state trust funds based on the established priorities. As a licensed provider, the City has been approved for grant funding and will utilize this grant to offset the cost of six (6) Tablets for Patient Recording.

ANALYSIS:

The Interlocal Agreement between Palm Beach County and the City of Greenacres provides for the City to partially be reimbursed by the County in the amount of \$10,000 for the purchase of six (6) Tablets for Patient Recording. Invoices for the purchase will need to be submitted to the County no later than August 1, 2016. The agreement will be in effect for five (5) years or upon the expiration of the life of the equipment, whichever comes first. The Department of Fire Rescue will purchase the Tablets through a sole source vendor and will submit for reimbursement under the terms and conditions of the EMS State Grant and this Interlocal Agreement.

FINANCIAL INFORMATION:

The Interlocal Agreement between Palm Beach County and the City of Greenacres is for partial reimbursement in the amount of \$10,000. This project was included in the FY2016 Capital Improvement Program Budget.

LEGAL:

This Resolution has been prepared in accordance with City Code requirements.

STAFF RECOMMENDATION:
