**WHEREAS**, Florida Statutes 166.222, and 553.80(7) authorize local municipalities to charge reasonable permit fees to defray the cost of enforcement of the Florida Building Code; and

**WHEREAS**, Section 4-2 (b) of the City of Greenacres Code of Ordinance provides for the incorporation by reference of the Amendments to Chapter One of the Florida Building Code; and

**WHEREAS**, Section 108 of the Amendments to Chapter One of the Florida Building Code provides for the establishment of a schedule of building permit fees; and

**WHEREAS**, the City Council of the City of Greenacres previously adopted a schedule of building permit fees through Resolution Nos. 90-46 and 2000-20; and

**WHEREAS**, it has been determined that the schedule of building permit fees needs to be amended; and

**WHEREAS**, the City Council of the City of Greenacres finds that it is in the public interest that said fees be amended.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENACRES, FLORIDA, THAT:**

**Section 1.** For all buildings, structures and alterations requiring a permit, as set forth in Sections 105 and 108 of the Amendments to Chapter One of the Florida Building Code, the schedule of permit fees for the City of Greenacres is hereby established as follows:

**A. BUILDING PERMIT FEES**

1. Building permit fees are to be based on construction values determined by using the latest published schedule of building valuation data such as that which is compiled by the International Code Council. Proposed construction not listed on said schedule shall use the contract value which is to be submitted at the time of permit application and accepted by the Building Official. Permit fees shall be calculated using the following:

a. There shall be a minimum permit fee of \$50.00.

b. For construction values from \$0.00 - \$100,000.00 the fee shall be 2.5% of the value, plus 2% for construction values from \$100,001.00 - \$300,000.00, plus 1% for all values over \$300,000.00.

Examples:

*Construction value of \$1,000.00 fee = **\$50.00***

*Construction value of \$3,500.00 fee =  $(3,500 \times .025) =$  **\$87.50***

*Construction value of \$175,000.00 fee =  $(100,000 \times .025 = \$2,500.00)$   
 $+ (75,000 \times .02 = \$1,500.00) =$  **\$4,000.00***

*Construction value of \$350,000.00 fee =  $(100,000 \times .025 = \$2,500.00)$   
 $+ (200,000 \times .02 = \$4,000.00) + (50,000 \times .01 = \$500) =$  **\$7,000.00***

2. Although the building permit fees stated above includes coverage of plumbing, electrical, roofing, and mechanical services, the appropriate sub-contractor performing each of these services will be required to apply for and secure a permit for those services for which no additional fee is required. If any sub-contractor fails to apply for and secure said permit before starting work, a fee of \$100.00 shall be charged.

3. The minimum permit fee of \$50.00 shall be paid at the time of submitting permit applications. This fee shall be deducted from the total final permit fee. If for any reason a permit is not picked up, said fee is non-refundable.

For other specialized operations which permits are required including, but not limited to, moving of buildings or structures, demolition of buildings or structures, installation of driveways or sidewalks, structural pest control and/or installation of underground fuel tanks, installation of drainage facilities, construction of roadways and site improvements, the fee schedule listed in Section A. above shall be applicable.

The payment of such triple fee shall not relieve any person(s) from fully complying with the requirements of this fee schedule, the City of Greenacres Code of Ordinances, the execution of the work, nor from any other penalties prescribed herein.
